

STATE OF FLORIDA & PINELLAS COUNTY
ADDITIONAL GUIDANCE for PHASE 1 REOPENING
OPEN (May 18, 2020)
WITH RESTRICTIONS

On May 15, 2020, Governor DeSantis issued Executive Order 20-123, which became effective May 18, 2020.

Executive Order 20-123 states that the Governor's previous Executive Orders are extended "as further modified by this order, bringing **all Florida counties into Full Phase 1**" (emphasis added).

According to The Governor's Safe. Smart. Step-by-Step taskforce report, the entities and businesses allowed to operate during Phase 1 are set forth on pages 19 to 22 of the report and according to E.O. 20-123, we are now in "Full Phase 1."

Regardless of businesses now allowed to operate and activities now permitted to occur, social distancing is still required—persons in gatherings must remain six feet apart and groups of people are limited to ten.

Further, in Pinellas County beaches and pools remain limitedly open and playgrounds remain closed consistent with Resolutions previously issued by the Board of County Commissioners. These restrictions remain in effect.

Under the Governor's orders the only businesses that **cannot operate** are bars, pubs, and nightclubs that derive more than 50% gross revenue from the sale of alcoholic beverages.

The following **may operate with the noted restrictions**:

All of the following businesses may operate at 50 percent of their authorized capacity under the Phase 1 reopening, except large spectator sports which may only operate at 25 percent of capacity. All businesses must adhere to social distancing requirements.

STATE OF FLORIDA & PINELLAS COUNTY
